Introduction

This report combines the previous school 'self-evaluation form' (SEF) and school inspection report. It provides all stakeholders with an opportunity to compare the internal and external evaluations of school performance. Its purpose is to bring these two perspectives together to foster greater accuracy of internal evaluations. Greater accuracy is a step towards the long term goal of less dependence upon external evaluations to understand a school's effectiveness. Ongoing and accurate internal evaluations are the key to school effectiveness that can withstand changes in leadership, staffing and student enrolment.
