INSPECTION SYSTEM

Introduction

This report combines the previous school 'self-evaluation form' (SEF) and school inspection report. It provides all stakeholders with an opportunity to compare the internal and external evaluations of school performance. Its purpose is to bring these two perspectives together to foster greater accuracy of internal evaluations. Greater accuracy is a step towards the long term goal of less dependence upon external evaluations to understand a school's effectiveness. Ongoing and accurate internal evaluations are the key to school effectiveness that can withstand changes in leadership, staffing and student enrolment.

INSPECTION SYSTEM

Basic information about school inspections

School inspections are structured around six Performance Standards:

1. Students' achievement;
2. Students' personal and social development, and their innovation skills;
3. Teaching and assessment;
4. Curriculum;
5. The protection, care, guidance and support of students; and
6. Leadership and management.

School Inspections support the development of schools across the Emirate of Abu Dhabi. The UAE School Inspection Framework provides clear descriptions within these six Performance Standards. This framework allows school leaders and external inspectors to make judgements based on internationally recognised best practice.

School inspectors make judgements using these six performance categories:

Definitions	Performance Categories
Substantially exceeds expectations	Outstanding
Exceeds expectations	Very Good
Meets expectations	Good
Minimum performance required	Acceptable
Below expectations	Weak
Significantly below expectations	Very Weak
